Proposed Legislation

Main Motions A Graduate Student Award Update

Whereas, the Kentucky Association of Housing Officers (KAHO) body is made up of many different styles of graduate programs throughout the state, and

Whereas, to be more inclusive and increase participation in nominations for the award it would be beneficial to open the award to many different types of graduate students in the Commonwealth, and

Whereas, multiple graduate programs throughout the Commonwealth can be completed part-time and can still provide adequate candidates for the award, and

Whereas, currently enrolled, full time or part time graduate students can serve the association as the Graduate Student Representative, and

Whereas, opening the award for all degrees of graduate students would create consistency between the varying options for graduate students.

Therefore, let it be resolved, that the Graduate Student Award would be open to any graduate student in the Commonwealth.

Article IV

Governing Council and Committees

Section 2. Standing Committees:

B. Awards/Recognition Committee:

3. Graduate Student Award

Awarded to one recipient for outstanding contributions and service to his or her institution. Recipients should be a graduate student enrolled in their program for at least one year. The award shall consist of an individual plaque given to the recipient. (amended 2/2000)

Proposed Legislation

Main Motion B

Rising Professional Case Study Competition

Whereas, since its creation by the Governing Council of 2013-2014, the Kentucky Association of Housing Officers (KAHO) annually holds a Case Study competition at the KAHO Conference, and

Whereas, participation has grown to include and engage new professionals, graduate students, and rising undergraduate students, and

Whereas, establishing the competition in the constitution would solidify the continuation of the Case Study competition, and

Whereas, creating an incentive program will not only show KAHO's commitment to new professionals within the Commonwealth, but will encourage increased participation in future Case Study competitions, and

Whereas, the incentive and award program over the past three years has included varying award options.

Therefore, let it be resolved, that the winning Case Study competition team will receive registration for the following year's Kentucky Association of Housing Officers Annual Conference.

Whereas, the only opportunities for involvement in the organization are Governing Council, serving on the Host School Committee or the Awards/Recognition Committee, or attending the Annual Conference, and

Whereas, the Annual Conference requires a wide variety of programming to enrich and develop all levels of professionals, and

Whereas, the KAH O Constitution mentions the Programming Committee in Section 2, Paragraph A.

Therefore, let it be resolved, that Programming Committee be described as follows:

Article IV

Governing Council and Committees

Section 2: Standing Committees

C. Programming Committee: Chaired by the President-Elect, is responsible for reviewing all program proposals for the Annual Conference. The committee will work together along with the Annual Conference Host School to provide a variety of professional development at the Annual Conference that enriches all levels of a professional in KAH O. Whereas, the Kentucky Association of Housing Officers (KAHO) endeavors to address the needs of staff members in all areas of housing including residence life, operations and administration, and

Whereas, the Colonel position on the KAHO Governing Council embodies the organization's historical knowledge and history, and

Whereas, many people in the state embody the spirit of KAHO, and

Whereas, currently only Past Presidents of KAHO may serve in the Colonel position,

Therefore, let it be resolved, that Colonel position on Governing Council reads:

Article IV

Whereas, (KAHO) has funds in a checking account, and

Whereas, the organization has various financial transactions with deadlines throughout the year,

Whereas, the Secretary/Treasurer position is the only position with access or rights to those funds

Whereas the current Constitution has no provisions or plans in place for payment, collection of funds or other fiscal matters in the absence or vacancy of the Secretary Treasurer, and
